Eurotec Y Hanger Blast Machines

Design and Construction to European Standards and specifications

- Heavy duty fabrication and Y track assembly
- No pit Required
- Internally manganese and rubber lined
- 100% uniform surface coverage
- Continuous cleaning and grading of abrasive
- Adjustable abrasive flow control
- Powerful blastwheels-optional speed control
- Long life blastwheel components
- Dry Type cartridge dust collector or
- Wet type dust collector for aluminium dust
- Electrical control using customer preferred components
- Optional plc if required for fully auto cycle
- Pneumatics using customer preferred components
- Fast delivery
- Free instalation and commissioning in SE Asia

Technical Data

Eurotec Model	10/12	12/16	12/20
Number of blast wheels	2	2	3
Blast wheel motor	2x7.5	2x11	3x11
Max work piece diameter mm	1000	1200	1200
Max work piece height mm	1200	1600	2000
Max work piece weight kg	350	350	350
Abrasive flow per minute kg	2x120	2x140	3x140
Abrasive throwing speed m/s	80	80	80
